MESSAGE

Dr. Rajendra Prasad Centre for Ophthalmic Sciences, All India Institute of Medical Sciences (R. P. Centre, AIIMS), New Delhi, the apex institute for eye care in India, is one of the founding members of VISION 2020 INDIA. The centre envisions VISION 2020 India as a national platform that would unite all stakeholders in the eye care sector. VISION 2020 India is built on the belief that collective efforts can drive sustainable change, empowering professionals, institutions, and communities alike. VISION 2020 India strives to create opportunities for networking, capacity building, and enhanced collaboration between ophthalmology and public health experts. By joining the forum, hospitals and organizations gain access to valuable resources that will help improve their visibility and provide an opportunity to advocate for key issues, and collaborate in national policymaking. Together, we can ensure equitable eye care for all.

Prof. (Dr.) Radhika Tandon
Chief – Dr. R.P. Centre
